# Child Development

Children develop best when they are ACTIVELY HAPPY.

That is why our coaches and staff are trained in spotting the needs of individual children.

Through play, competition and creativity, our clubs are the perfect environment for children to flourish. We take great pride in ensuring the best possible experiences ensuring they will want to stay IN THE ZONE again and again.

## Behaviour

We are trained in behavioural management and will always try to work with a child to encourage 'good behaviours' where possible.

Understanding the reason for bad behaviour will always be our first thought and we will initially work with the school and potentially parents.

We use the 'Now Next' where appropriate, alongside talking on a child's level and understanding how each individual child responds to direction.

## Inclusiveness

We pride ourselves on being fully inclusive

Our sessions are available to any child no matter creed, colour, gender, religion or ability, SEN (with support).

We are proud to be an operator who will work with the school to ensure any vulnerable children are also catered for in which ever manner is appropriate.

## Group sizes

We like to maximise group sizes to 15 children per coach.

Working with teachers or TAs to manage groups of up to 30 children.

We will never be alone with a single child.

Whenever a coach is working alone with a group there must be another responsible adult on site and contactable in emergencies.
